Dear Customer,

In an effort to ensure that the milk processed and packaged at this facility is done so without the use of genetically modified organisms, Clover Farms Dairy has implemented a policy prohibiting the use of synthetic hormones (rBST) by its producers and will only accept milk from an outside source that can produce an affidavit stating their raw milk is rBST free. In addition, the vitamins used in our production are certified GMO free.

All raw milk processed at this dairy has been tested for antibiotics and has been determined to be antibiotic free in accordance with the Pennsylvania Department of Agriculture's standards.

If you have any questions regarding this matter, please call. 610-921-9111.

Sincerely,

Michael Davis  
Quality Assurance Manager.
